Re: Academic Advisor Program

Date: March 16, 2009

As per our policy, each first-year student has been assigned to an individual on the law faculty or staff who will serve as the student's academic advisor. No faculty member has been assigned to any student in the faculty member's course. The list of the assignments is attached to this memorandum.

While each individual will decide how best to fulfill the advisor function, if you choose to have some type of group session, please contact me if you would like some funding for a lunch or soft drink break for this purpose. At a minimum, advisors should be available to respond to questions about the Law School's academic program and to give advice during the registration process. The schedules for next year will be posted in early April. I will be having sessions with the first year class describing to them the scheduling process and the registration process (including point allocation).

Your participation in this program is sincerely appreciated.
