How did you decide how much to borrow?

Did you?:

- Borrow amount indicated on your Financial Aid Award notice?
- Borrow maximum amount possible?
- Estimate your budget and borrow only what you needed?
- Borrow less than you think you need in hopes of living more cheaply?
Why borrow the minimum?

... because when you borrow loans you are spending your FUTURE INCOME!
To borrow the minimum ...

- “BYOB”
- “SOS”
- Think “FREE”
- Evaluate “opportunity costs”
What is your budget?

Is it:

- Cost of Attendance (COA)?
- Your resources vs. your expenses?
- A spending plan?

**IMPORTANT NOTE:** Does your budget include all your anticipated costs during summer vacation periods and for getting licensed in your chosen profession? – *It should!*
Cost of Attendance (COA)
“Student Expense Budget”

- Calculated by Financial Aid Staff
- Includes both fixed educational costs and living expenses for academic year
- Total financial aid cannot exceed COA
- Not prescriptive and NOT your budget

Sticking with your budget ...

- Track your spending
- Buy with cash
- Pay yourself monthly
- Test yourself; try the “Big Chill”
- Use online tools, e.g., mint.com
Don’t run out of funds!
Take charge of your spending …

- Managing the financial transition to law school can be challenging—particularly if you previously worked full-time

- Financial aid funds are disbursed once each term—it’s like getting paid once every 4 months

- Consider opening a savings account to hold your financial aid refund and “pay yourself” weekly, bi-weekly or monthly

- Contact the financial aid staff immediately if you are having financial challenges
How can you “Save On Spending?”
Reality Check

How are you spending your money?

- Do you share the cost of housing with a roommate?
  - Living with a roommate could reduce your housing costs by at least $300/month—think about it for next year and beyond!

- Do you buy food/beverages at school?
  - Could save at least $5/day ($1,250/year) by bringing them from home.

- Do you subscribe to cable/premium channels and other bundled services?
  - If so, do you really have time to enjoy all the services you’re buying?

- Do you have a gym/health club membership?
  - Does UGA offer free recreation facilities to students?

- Do you have multiple computing/telecommunication devices?
  - How much are you paying for the extra services?

- Do you shop for new clothes, eat out in restaurants, take vacations or make weekend trips to get away, go to sporting events, etc.?
  - Chances are you do, just be mindful that what you spend on these things could be saved for future expenses such as bar exam costs.

*Remember to evaluate the “opportunity cost” of your spending choices—it will impact what you can afford once you graduate and beyond!*
Opportunity Cost

- It’s about trade-offs
- You have scarce resources
  - Time
  - Money
- Ask yourself:
  - “If I did not “spend” my time/ money on this now, what else could I use it for—and would that be better for me?”
Do the little things count?

Can you spend $5 less per day?
How much will you save?

A. $33
B. $51
C. $71
